Re: Recommendation.

Dear Michael,

Terry and I wanted to thank you for a "job well done" in regards to the summer renovation of our bathroom and the kitchen renovation that was completed last month. It's easy to forget the mess involved with any project of this kind when you can admire the finished project.

It was a pleasure working with your crew. The installers, Sam and Murat, went above and beyond to keep me informed on the construction progress and answered my many questions and concerns. They were easy to work with and always cleaned up at the end of the day. Chris, the tile installer, was also a pleasure to work with and addressed my concerns and questions promptly.

We've had many compliments on the kitchen. We realize every job is different and every renovation is unique to that homeowner but I'd be happy to recommend your company to any prospective clients. You quoted realistic time frames for the jobs and your staff was at my house 3-4 days each week. It's easier to tolerate the mess and upheaval when you can see the project unfold and measure progress on a daily basis.

Sincerely,
